

## NETVU 16 PORT NETWORK EXTENDER

Designed, manufactured and supported in the United Kingdom, with software written entirely to Western Standards, the NetVu Uniplex range provides the best solution for every application. The NetVu Network Extender works with the full range of Uniplex recorders and provides camera endpoint expansion which is both highly secure and cost effective.

### WHY UNIPLEX?

- ✓ Compliance with the latest Secure by Design guidelines, offering complete immunity from cyber threats.
- ✓ Connect NetVu cameras over Co-axial or Ethernet cables, offering a lower cost to upgrade legacy analogue video surveillance systems to high definition IP.
- ✓ Automatic firewall and VLAN configuration for better cyber security.
- ✓ Simple configuration and maintenance with the option of Cloud-based support and configuration, further reducing installation and configuration costs.
- ✓ MultiMode™ recording with NetVu cameras reduces storage needs while maintaining very high recording quality, offering initial savings on storage costs and extended Hard Disk Drive life.
- ✓ Simple data capture, recording and presentation from EPOS, Electronic Access Control and Building Management Systems.
- ✓ NetVu PowerScripts™ for quick and easy integration and customised applications.

### KEY FEATURES

- 1U Network extender with 16 integrated camera endpoints with Power-over-Ethernet (PoE) capability.
- Deterministic automated IP camera assignment to network port removes the need to manually assign cameras to a recorder by IP address, simplifying the installation process and reducing costs
- Traffic management on a port-by-port basis provides a high level of cyber security.
- Creates Trusted Endpoints that protect your IP video systems and your corporate networks from unwanted intrusion
- Unused camera endpoints automatically locked and Power-over-Ethernet disabled, meeting the requirements of Secure By Design
- Video Integral Small form-factor pluggable (SFP) ports facilitate the connection of Network Extenders via fibre optic cable for large installations.
- NetVu Cloud-based support features that allow complete remote configuration, health-checking, maintenance and support of your system.

Technical Specifications	
Endpoint Connections	16 x Ethernet Ports for direct connection of IP Cameras (10/100 RJ45 connections)
Network Connections	2 x Gbit RJ45, 2 x Gbit SFP modules. 1 x console port
Network Protocols	NetVu Connected Advanced Streaming, HTTP/HTTPS, TCP/IP, UDP/IP, RTSP/RTP Unicast and Multicast, Telnet / SSH, FTP, PoE, NTP, SNMP, Zeroconf, ModBus, iSCSI.
Local Display	Light Emitting Diodes (LEDs)

General Specification & Warranty	
Power	Input Voltage: DC110-264V; Output: DC52V 5.76A Total power: 300W
Operating Temperature	20°C to 55°C (68°F to 131°F).
Operating Humidity	10% to 95% (Non-condensing).
Approvals	CE marked. Complies with part 15 of FCC CFR47. RoHS Compliant.
Product Dimensions	410mm x 185mm x 45mm (16 <sup>1</sup> / <sub>8</sub> " x 7 <sup>1</sup> / <sub>4</sub> " x 1 <sup>3</sup> / <sub>4</sub> ").
Product Weight	2.4kg (5lb, 5oz.)
<b>Warranty</b>	1 year, plus additional 1 year (registration required)

### TECHNICAL DRAWING

### PART NUMBERING

NetVu Network Extender - 16 Port

**NVSE/16/2-2/P**

### ACCESSORIES

Uniplex Appliance	UPXA
Uniplex Desktop	UPXD
Uniplex Hybrid	UPXH

### NETVU VIDEO MANAGEMENT SOFTWARE

NetVu Pick-a-Point	PPW03
NetVu Enterprise Observer	ENVO
NetVu Archive Management	AMS
